THUNDER OF BIG GUNS FROM BRITISH LINES CAUSES BERLIN WORRY

Haig's Reports of Activity Are, as Usual, Brief.

British Airmen Unusually Active.

French Engage in Extensive Operations.

By Associated Press Dispatch.

Field Marshal Haig's reports today give little idea of what is occurring in this important fighting area. Only the activity of the German artillery was mentioned.

Berlin's statement, however, indicates an extremely heavy bombardment is under way in Flanders, the area where the big gunfire is intensive taking in the front occupied by the French on the British left flank as well as the lines to the south held by the British.

Recent reports have made it apparent the British airmen have been unusually active far behind the German lines and have been handling roughly the enemy formations that attempted to penetrate the British front, the clear weather prevailing facilitating these important operations.

On the western front the French have been engaged in some intensive operations in the Alsine region centering in the district southwest of Laon.

Extensive raids have been carried on after the guns had prepared the way and several score prisoners have been brought in by the French, who likewise inflicted notable damage while within the German lines.

"BAD MAN" PAYS PENALTY

By Associated Press Dispatch.

Baton Rouge, Louisiana, October 19.—Helaie Carriere, Louisiana "bad man" was hanged today in the state penitentiary here for the murder of Sheriff Swords last July.

Run down in the cane brakes after a sensational man hunt of weeks, Carriere resisted his execution to the last moment even to the extent of attempting suicide in his cell last night.

RETURNED TO THE FACTORIES

East Liverpool, October 19.—Edward Menges, president of the National Brotherhood of Operative Potters today called off strike of 7,000 workmen in the potteries in the United States and Canada, and announced the proposition submitted to the union had been accepted.

The workmen, it was said, would return to work next Monday.

The strike has been going on since last July.

\$20,000,000 TO FRANCE.

Washington, October 19.—(Associated Press Dispatch)—The government today advanced to France \$20,000,000 additional, bringing the total of loans to the Allies up to \$2,731,400,000.

WILL REMOVE GOVERNMENT TO MOSCOW

Russians to Abandon Petrograd as Seat of Government.

(Associated Press Cable)

Petrograd, October 19.—The government has definitely determined to move to Moscow in the near future.

The newspapers published an official announcement that the evacuation of the fortified port of Riga on the Baltic at the entrance to the Gulf of Finland has begun. The schools of Reval have been closed and the inhabitants are being sent to the interior of Russia.

Announcement that the government will move to Moscow was made by M. Kishki, Minister of Public Welfare.

After the capture of Riga by the Germans preparations for removal of the government to Moscow were begun. Failure of the Germans to develop their offensive after taking Riga relieved the fears for the safety of Petrograd for the time being.

The new offensive operations resulting in the capture of Oesel and threatened invasion of Estonia again changed the situation and may be responsible for the decision to remove the government to Moscow, the ancient capital.

Miners Notified if They Refuse to Return Charter Will be Revoked.

Clear Reasons Given for Issuance of Latest Order.

By Associated Press Dispatch.

Springfield, Ill., October 19.—In telegrams sent this morning to local miners' unions in Illinois now on strike, Frank Farrington, state president of the miners' organization, declared that in mines where the men are not back to work by October 22, local charters will be revoked.

DANGER IS SEEN

In a statement President Farrington said his action was prompted by a desire to save the miners of Illinois from industrial conscription, which he said would follow if paralysis of the mining industry continues.

He said:

"The serious feature about the whole matter is the fact that unless part of our members now idle should decide to return to work they will in all likelihood force the government to resort to conscription. I will do everything to protect our members and I do not propose to allow a few thoughtless members to bring this conscription upon the overwhelming majority who are doing their duty to the organization and to the government by continuing at work."

5,000 RUSS CAPTURED ON MOON ISLAND

Germans Now Dominate Whole Section.

(By Associated Press Cable)

Berlin, via London, October 19.—Two Russian infantry regiments totaling 5,000 men were captured on Moon Island in the Gulf of Riga, it is announced.

The island is now completely occupied by the Germans.

PLANES WILL MAKE FLIGHT FOR "LIBERTY"

Four Cities Will be Visited by Airplanes to Boost Loan Campaign.

By Associated Press Dispatch.

Dayton, O., October 19.—The airplanes are going to fly for the second Liberty Loan. Following the dispute over failure of the machines to fly yesterday, Colonel Bomford had ordered that no more cross-country flights be engaged in.

Orders from Washington today instruct the commander at the Wilbur Wright field to make preparations for sending four different air squadrons tomorrow to fly over four cities. Cincinnati will see four; Dayton will see four, and Columbus will see two and two will fly over Indianapolis.

Weather conditions will govern the flight. No definite time has been announced.

DESERTER IS HELD FOR JOB AT GRANVILLE

Victor Needs, of Zanesville, Is Identified by Detective as Bank Robber.

By Associated Press Dispatch.

Newark, Ohio, October 19.—Detective E. E. Freeman, of Zanesville, today identified one of the Granville robbers as Victor Needs of Zanesville, after his identity had been suspected when a love letter had been found by Chas. Hager, Captain of Police.

According to information here he was a deserter from the army, and had been sent as a military prisoner to Ft. Benjamin Harrison.

ANTIQUATED SENIORITY IS DISCARDED

Officers Are to be Promoted or Demoted Only Account of "Fitness."

Old Rule Passes to Oblivion.

By Associated Press Dispatch.

Washington, October 19.—The historic seniority rule for army promotion was formally set aside today to govern promotions in the regular army and national guard.

Officers of the regulars or the guard, or national army, are held to be equally eligible for temporary promotion which must be based solely on demonstrated "fitness," without regard to seniority.

The new regulations make officers interchangeable within their own arms and grades in the service and list of reserve corps, second lieutenants of regular army is also made available for the appointment of grades to other branches.

Stress is laid upon the desirability of promoting men within the unit in which the vacancy occurs wherever advisable. In naming second lieutenants commanders may fit up non-commissioned officers of the reserve corps as they see fit.

GREAT DRIVE FOR LIBERTY BONDS GAINING

By Associated Press Dispatch.

Washington, October 19.—The Liberty Loan campaign continued its gains today and Treasury officials announced that estimates of the amount so far subscribed is above \$1,750,000.

000, and "within striking distance" of the two billion dollars hoped for by Saturday night.

Unofficial figures show that a minimum of \$1,535,000,000 had been subscribed up to the close of business Wednesday.

Officials were optimistic that the five billion mark would be attained by the close of the campaign on October 27th.

"More than two billion dollars in subscriptions by Saturday night," today's announcement says, "is the cry to Liberty Loan workers, being echoed from coast to coast. Revelations that the combined totals of all districts are within striking distance of this mark have given a new courage to local committees and renewed their determination to attain the maximum."

NAME PALMER CUSTODIAN FOR ALIENS

By Associated Press Dispatch.

Washington, October 19.—A. Mitchell Palmer of stroudsburg, Pa., former Congressman, was today appointed alien property custodian under the trading with the enemy law.

Under the law his powers, defined by the President's proclamation, he will act as trustee for all enemy property in the United States or issue license exempting enemy concerns from his supervision. He may require the transfer to himself of any property held for an debt owed to any enemy and any person holding such property or owing such money may transfer the property or pay back the money with his consent.

The alien property custodian will hold such property or money until the war is over and then deal with it as directed.

All funds or ready money taken by the custodian may be invested in Liberty Bonds.

MINES STRUCK

(Associated Press Cable)

Petrograd, October 19.—Two German torpedo boats were sunk in the mine fields in Moon Sound yesterday, the war office announced.

GEN. GURKO HAS ARRIVED IN ENGLAND

Exiled Former Commander of Russian Army Traveled Incognito.

(Associated Press Cable.)

London, October 19.—General Gurko, former commander on the Russian southwestern front, has arrived in England with his wife aboard a British ship. They registered under assumed names and it was not until later that their identity was established.

A dispatch from Petrograd, October 1st, said General Gurko had been expelled from Russia, owing to a letter of loyalty to the former Emperor, indicating that he had boarded a British vessel at Archangel.

PLOT TO BLOW UP U. S. TRANSPORT IS FRUSTRATED

Police and Scandinavian on Bribery Charge.

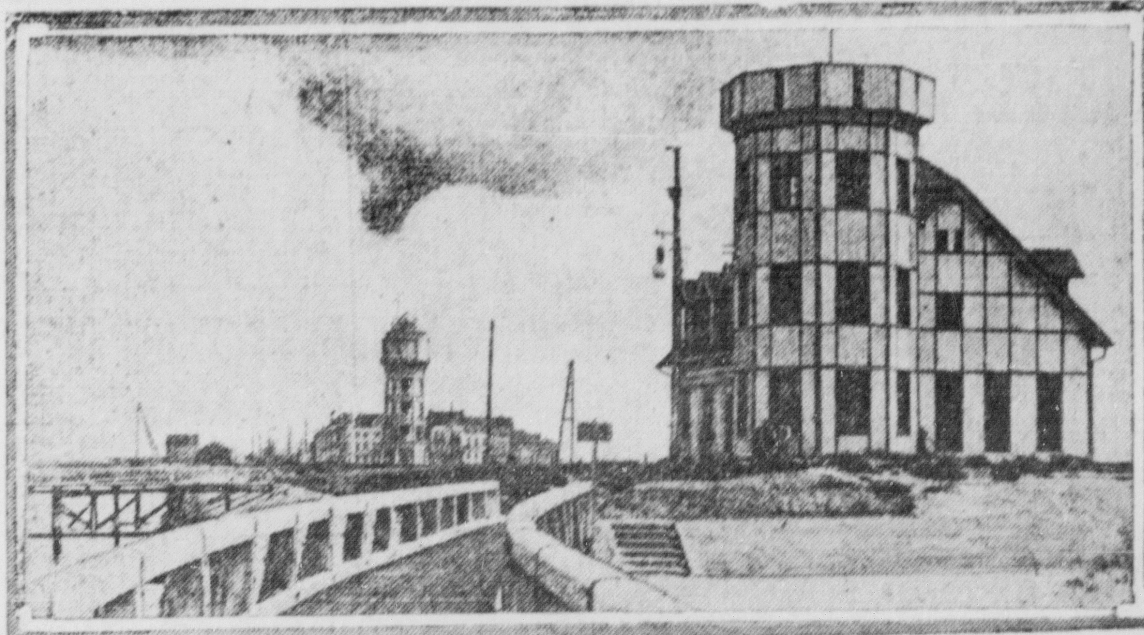

By Associated Press Dispatch.

New York, October 19.—An alleged plot to damage or blow up a United States converted transport here is believed to have been frustrated today when the police arrested a Scandinavian who is charged with attempting to bribe a ship mechanic to go aboard the vessel.

The man arrested is Charles Wallman, a pantryman employed on a yacht owned by Harry Payne Whitney.

The transport is a former German liner seized when the United States entered the war and was being overhauled.

GERMAN U-BOAT BASE IS MENACED BY THE ADVANCE OF THE ALLIES

Zeebrugge, the Belgian town which has been converted into a submarine base by the Germans, is now threatened by the latest advances in Flanders. One of the objects of the new attacks, it is believed, is to cut the communication between Zeebrugge and Germany. The picture shows a scene along the water front. Left center is the water tower and right center is the Pilots' Bureau.

order to add to their comfort and efficiency, is the declaration of an appeal forwarded to the "Secretary of the Chamber of Commerce" of this city, placed in the hands of David Parker, Physical Director of the Y. M. C. A.

The letter speaks for itself and is from Ernest H. Rowe, of the Nassau County Commission on Training Camp Activities and representing the War Department Commission on Training Camp Activities in Community Organization.

While the splendid young men of Company M may not now be in Camp Mills, anything sent to the address given in the letter, will be forwarded without delay.

The appeal is expected to meet with response in this city, and may bring about the organization on the part of some energetic and patriotic citizens, of a local society for backing the men who have gone to the front for the protection of their homes and the home of every citizen in the county.

The letter follows:

My Dear Sir:

The 166th Infantry regiment of the Rainbow Division encamped here, which will be the first of the National Guard to go to France, is entirely an Ohio regiment and there are a number of young men of Washington Court House in it.

They need money for a mimeograph outfit, typewriters and supplies. They need "woolies," (sweaters, helmets, scarfs, wristlets, socks,) towels, comfort kits. They need athletic goods. You can't send them too much. Things will wear, you know. Send money and everything else to Colonel B. W. Hough, "to be used at his discretion." Address him here for the time being.

The good people of the towns for twenty miles around here are giving their money and working night and day so that your boys may have the most pleasant and wholesome recollections of their stay among us. Ask the boys themselves if that isn't so.

Get busy! They are going soon. Line up everybody, every group and organization in town. Ask me all the questions you like, I'm a Buckeye. Tell me what you're doing when you do it.

Cordially yours,

ERNEST H. ROWE.

RESCIND ORDINANCE PASS ANOTHER ONE

The City Dads, at a short special session, rescinded the old ordinance for resurfacing Market street and allowing property owners to pay 98 per cent of the cost, and adopted a new ordinance which provides that the property owners on the North side of the street pay one-third, the city 16 2/3 per cent and the County Commissioners 50 per cent.

The city also is to pay the full cost of the street intersections. The meeting was of short duration and Howell was absent until the motion to adjourn was being taken up.

\$13.50 FINES ARE BEGINNING TO COME

The \$13.50 fines assessed by the Probate Court in the speeding cases turned up by Sheriff Jones and his deputies, Sunday, are beginning to reach the Probate Court, but so far the response has been very small, although it is expected that the bulk of the fines will be in the hands of the court before it is necessary to go after the violators.

OPENING NUMBER PLEASES AUDIENCE

The opening number of the lecture course at Jeffersonville—Judge Fred G. Bale, for four years judge of the Juvenile Court in Columbus, greatly pleased the audience.

Judge Bale spoke on "The Four Lines of Defense," and the four lines he gave are: the army, the navy, food conservation and the conservation of the child. It was to the latter line that he devoted most of his time, presenting a great many new phases of dealing with children that were enlightening and hopeful.

GERMAN EMPIRE IS NOW DEPENDENT ON WOMAN LABOR

(By Associated Press Cable)

Rotterdam, Netherlands, October 19.—The German Empire, to some extent has become dependent upon women's labor, declares a German correspondent of the Nieuwe Rotterdam Courant. In the hospitals, at railroad stations, in shops and in offices, even in the most responsible positions, the work is principally done by women. In even first class restaurants girls and women have replaced the waiters. The traveler who enters a hotel encounters a porter in long skirts, who carries out his behests as quickly as before. Street traffic is largely in the hands of the women. Women conductors, drivers and inspectors are dressed in the uniform of their male colleagues but with skirts or bloomers.

Passengers meet with better treatment than was the case with the male staff. On the railroads women are serving in booking offices, as guards or porters. Letters and telegrams are delivered by women and girls. Most of the few automobiles are driven by women.

But the main work of women is in the factories. The skilled work has now more and more passed into their hands, as well as carrying of heavy loads. At the turning bench, at the furnaces, everywhere they are met with. Their wages at 7 or 8 marks a day are equal to men's earnings for like labor. They work in blue smock frock and bloomers with a sort of sailor's cap or cloth on their heads, with black bands and rolled up sleeves, and in the meal hour they are more and more to be seen in the street, even with bare legs, for stockings are a superfluity in factories, at the furnaces and suchlike occupations.

The results of women's work in the mining industry are termed very satisfactory. The sorting of sweepings, old iron and brass, the unloading of freight cars, is performed by women's hands and arms, and a newcomer is amazed at the way in which she clambers about and lifts and shoulders loads. In agriculture women have always supplied auxiliary labor, but now also do the heavy work like mowing, plowing and threshing.

Dress has naturally been brought in to accord with the new work. On the railroads, and partly on the street cars, skirts have been replaced by bloomers and gaiters, and beribboned and feathered hats or cap or headcloth. But there is a sailor's collar for the uniform jacket, and a flower in the button hole; the jacket is open at the neck, the cap is worn in slanting fashion, a watch chain is fastened on the breast, a bit of lace adorns the sleeves.

BELL TELEPHONE WORKER STRONG FOR NERV-WORTH

"Did More for Me Than Its Makers Claim," He Tells His Drug-gist.

Nerv-Worth rapidly is winning golden opinions from all sorts of sufferers, as the rising tide of signed endorsements clearly proves. Here is one of a convincing kind:

"For two months last summer I had a complete nervous breakdown. My stomach, bowels and digestive organs were in bad shape. Had to be taking physic all the time. Got but little sleep and no rest and was all worn out in the morning. My appetite was bad and I did not enjoy what little I did eat. I bloated badly from gas forming on my stomach.

"I purchased two bottles of Nerv-worth from E. C. Shepherd the Martinsburg, W. Va., druggist and want to say that after taking them ALL THESE TROUBLES HAVE DISAPPEARED. No more nervousness, eat anything I want and digest it, sleep soundly and am working for the Bell Telephone Co. every day. Am strong and vigorous. I cheerfully recommend Nerv-Worth to all, as it did more for me than the makers claim.

WILLIAM HARDWAY PAINFULLY INJURED BY UNLIGHTED AUTO

While on his way home from this city between six and seven o'clock Thursday evening, Mr. William Hardway, residing on the creek road and who is the father of Captain O. E. Hardway, of Company M, was painfully injured when an unlighted automobile driven by two women from Hooptown, Illinois, struck and demolished his buggy and hurled him into the ditch.

The buggy was thrown upon the fence and Mr. Hardway fell to the ground near the demolished vehicle, while the frightened horse, with pieces of the harness clinging to it, dashed home.

The accident occurred on the newly paved road in front of the Baker farm on the Chillicothe pike, and the auto-

mobile went over the embankment and stuck fast in the soft earth with the front wheels in the ditch. The two women were uninjured, except severely shaken up.

Mr. Hardway was brought to the Fayette Hospital where his wounds were dressed and he was taken home. The middle finger of his left hand was broken, his left arm injured. A gash was cut across the left side of his face, and he was bruised and scratched. His injuries are not serious and he is able to be about as usual.

The women returned to the Cherry Hotel for the night, and stated that they were headed out of the city when their auto lights went out and they were endeavoring to get back into town. They were not running rapidly at the time. Mr. Hardway had no light on his buggy. The women have agreed, it is understood, to make good the damage.

BOOCO SWINE WIN MANY PREMIUMS BIG SWINE SHOWS

Mr. A. S. Booco, of Jefferson township, breeder of Spotted Poland China Swine, is home from a tour of the state fairs in the west and middle west, and has brought home an armload of ribbons representing his winnings at the various fairs.

He left this county Aug. 20 with 23 head of swine and exhibited at the state fairs in Ohio, Michigan, Wisconsin, Iowa, Nebraska, Missouri, Kansas and the national swine show at Omaha, Neb.

At the National Swine Show he exhibited 23 head and was inside the money 31 times. He took six firsts at this show, or more firsts than any other exhibitor in the show.

In each of the state shows he won many firsts seconds and thirds, and had large numbers of requests for swine.

He brought 16 head of his best swine back with him.

In February of the coming year Mr. Booco will hold a big sale of swine in the pavilion in this city.

Maybe at Last

The ever increasing number of mutinies in the German and Austrian navies encourages those who hope for an awakening of the people of the central powers—an awakening that will enable them to throw off the yoke of autocracy and militarism which is rapidly dashing them to destruction.

These mutinies may be, as yet, nothing but weak outbursts of discontent, easily put down by the strong arm of the military powers, but they evidence the existence of a wide spread unrest that may at any time burst forth into the flame of revolt so extensive and so violent as to successfully defy the efforts of the "men of iron" to subdue it.

The refusal of German sailors to fill assignments on the deadly submarines is particularly encouraging to those who still hope that the German people may recover their sense of justice and humanity in time.

That evidences a belated realization of the barbarity of the submarine warfare, which might have spared Germany the disrespect of all mankind had it come sooner.

Even yet if the German people are able to assert themselves it is possible that some of the respect of the world may be regained.

The world hopes that these mutinies are but the forerunners of a general revolt that will sweep, in its just fury, the last war lord from power and save the "Fatherland" for those to whom it belongs.

Another Promise

Dr. Garfield our national fuel administrator promises to resort to "whatever measures are necessary" to get coal to the people of the nation if the operators and miners don't end their quarrels and mine and deliver the coal at the prices fixed by the government.

That's a mild, rather indefinite and qualified threat to use the "big stick" which Congress placed in the hands of the president to enable him to bring relief when conditions became intolerable.

The people would support Dr. Garfield and his assistants if they had wielded the big stick long ago. As a matter of fact the people would applaud drastic action now much more enthusiastically than they do more promises.

Winter is upon us—the demand for fuel is imperative. The menace of a coal famine is no longer in the future it is here now and if the fuel administrators are to accomplish anything of good they must act soon.

Threats directed to the coal operators and miners during the last four months have proved unavailing. Conditions are as bad or worse, so far as supply is concerned, than ever before. The time for action is here now.

Dr. Garfield will make many friends for himself and the administration and will prove himself one of humanity's greatest benefactors if he will only act.

If the people are to have any relief it must come soon or a winter of anxiety, expense and suffering is as certain as it is that winter weather is already reaching out its icy hand to grasp us.

Where and What

The nations of the world are plunging along at such a frightful rate in this war that thinking people can't help wondering where we are headed for and what is to be the outcome of it all.

Men—the best men of the nations involved—are being killed by the thousands, property is being destroyed by the billions and the direct cost of war has now mounted to the scores of billions and provision is being made, necessarily to increase expenditures.

Where and what? People may well wonder. Some times the frightfulness of the horror and the enormity of the ever increasing cost almost convinces one that a complete rearrangement of human habits and customs and commerce must inevitably result.

There is no place to stop. The menace to mankind must be done away with and done away with for all time. Men must die and men must pay if human rights are not to be swept away and if, after all our boasted progress the human family is not to pass into an era of dark ages.

The money of the world has been piled up in the United States—the trade balances have all disappeared—there is no such thing now among the nations as reciprocal dealings and accounts. After the war it is going to require the most patriotic effort of the great men of all nations—financiers and statesmen—to bring order out of the present chaos.

Few people do or can give now a thought to the great problems which the coming of peace will bring.

We must first get the war ended and ended right—won. Kaiserism must be crushed for all time. Then and not before can we arrange to pay the expense bill of the world—an expense bill never approached in size in all history.

Poetry For Today

BUY A BOND
Hey! You fellow with a roll,
Buy a Bond!
Show your heart is good as gold—
Buy a Bond!
Liberty depends on you,
We must down the Hunnish crew,
We each have our "bit" to do—
Buy a Bond!

If you are too old to fight,
Buy a Bond!
If you lack in weight or height,
Buy a Bond!
All the battles are not won
By the men behind the guns—
Money talks. Ere setting sun
Buy a Bond!

If your sons have gone to war,
Buy a Bond!
Others' sons have gone before—
Buy a Bond!
Slackers they who will not fight
Or who draw their purse-strings tight,
Do your bit and do it right—
Buy a Bond!

If you smoke or if you chew,
Buy a Bond!
Each day skip a weed or two, to
Buy a Bond!
Sacrifice should pleasure be
When the cause is "Liberty,"
That's the way it looks to me—
Buy a Bond!

Everybody! Get in line—
Buy a Bond!
Come on in. The buying's fine—
Buy a Bond!
Crush the Hun on land and sea.
Everybody. One—two—three—
"Rah! Rah! Rah! For! Liberty!"
Buy a Bond!

HOW THEY LOOK AT IT

"LAND GRABBING" ON LARGE SCALE MADE NECESSARY

(Associated Press Correspondence)

London, October 5. During the past three years, the British Government has gradually developed into a "land-grabber" on a scale which exceeds all previous performances. Its total seizures and "purchases" of real estate, since the war began, aggregate more than 150,000 acres, divided among thousands of pieces of land, some only a few feet square, others containing many thousands of acres.

This has been quite a simple operation as for war purposes the government had behind it a comprehensive law called the "Defense of the Realm Act." This entitled the authorities to take over property of all kinds and convert it to their own use, leaving the question of compensation to be decided afterwards.

The whole question of taking over other people's property soon became so complicated, however, that a special department was constituted to operate it, called the War Department Lands Directorate. This department deals with all properties either temporarily occupied or permanently acquired, and is responsible for the management of all such properties.

Some idea of the quantity of work which it has to perform may be gathered from the statement that the mere quartering of troops necessitates rentals aggregating \$12,500,000 a year. When lands or buildings are occupied a claim for compensation is made by the owner. The variety and extent of such claims is astonishing, and the sums involved vary from a few dollars to several millions.

Let These Kitchen Scientists Lighten Your Daily Labors

Mrs. Janet McKenzie Hill

Did you ever stop and figure out how many extra hours you spend in the kitchen? How many miles of needless steps you take in the preparation of your daily needs?

Mrs. H. M. Dunlap

Probably not. But if you had a Hoosier Cabinet you would soon realize the difference.

Mrs. Nellie Kedzie Jones

You would have many more hours of leisure. When work time comes you could sit down comfortably and restfully.

You would find more delights in cooking and baking. Your health would be better. You would be able to enjoy your evening pleasures to the fullest extent.

Why? Simply because, aided by our Council of Kitchen Scientists, the makers have built into the Hoosier many conveniences and "short cuts" that abolishes kitchen drudgery.

IN SOCIAL CIRCLES

The announcement of the marriage of Miss Georgiabel Hays, daughter of Mr. and Mrs. Ellis Hays, of South Charleston, to Mr. Roy Young, son of Mr. and Mrs. Edward Young of Jeffersonville, comes as a complete surprise to the many friends of the bride in this city, her former home, and of the bridegroom in Jeffersonville.

Particulars concerning the wedding will be awaited with much interest.

The bride is an exceptionally pretty girl, of the pure blonde type, who has been a popular member of the High school and younger society set before leaving for her present home and frequently returns to visit among her young friends. She is quite young, completing her high school course only a year ago.

The bridegroom has a position in Akron, where it is expected the young couple will make their future home, taking with them all good wishes.

The Red Cross teas are being carried on with growing interest and are filling the exceptionally quiet social calendar of 1917 with pleasurable and informal little affairs, while at the same time contributing to the Red Cross workshop fund, which needs constant replenishing to supply its necessary demands.

Women who are responding to these invitations engage in their knitting while visiting over the tea table and feel that they are doing their bit in more than one way.

Mrs. C. H. Griffin and Mrs. H. T. Wilkin were hostesses at Red Cross teas Thursday afternoon and Mrs. Bertha S. Miller is entertaining this afternoon. Other teas will follow early in the week.

A very elaborate and beautiful affair was a miscellaneous shower given by Misses Hazel McCoy and Ercel Stitt at the Woodman's Hall in Bloomington Thursday afternoon for Miss Helen McCoy, who weds Mr. John Sidlo, of Chicago, in November.

The big hall had been transformed into a bower of autumn beauty, with bright autumn leaves screening the wall and forming the background for a graceful arrangement of marigolds, chrysanthemums and potted plants.

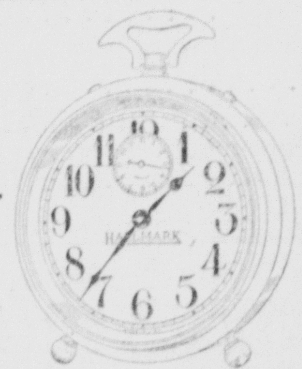

From the center hung a large white bell, covered with scarlet hearts, a cunning little Kewpie from it suspended over a big table on which rested an immense bride's cake, encircled with scarlet hearts.

When the bride-to-be attempted to cut the cake it proved to be the deceiving receptacle for many lovely gifts—silver, china, cut glass, linen and bric-a-brac.

Forty matrons and maids, the favored guests, crowded around Miss McCoy with good wishes and a merry hour was spent in opening the packages.

There was piano music and the hostesses, whose hospitality was charmingly extended, served a delicious collation.

The bride-elect was looking very handsome in a stunning gown of fancy striped Faille satin, with ruffled fichu of white georgette and corsage bouquet of rose buds.

Miss Hazel McCoy was pretty in a modish toilette of pink georgette and silk, and Miss Stitt wore a graceful gown of gray charmeuse, with trimmings of coral georgette, singularly becoming to her fair type.

Mrs. Caroline Craine and daughter Charlotte, of Palmyra, Mo., were out of town guests.

Honoring Miss Mae Rouston whose marriage to Mr. Thomas A. Jones, will be the nuptial event of the season in Jeffersonville circles, taking place next Wednesday night at the home of the bride, Mrs. Glenn Hise Brock entertained Friday at her country home near Jeffersonville with an elaborate luncheon, of beautiful appointments.

Big shaggy yellow chrysanthemums and bluish sweet formed artistic decorations on the pretty table and the same favorites of autumn were effectively used throughout the rooms.

The table was laid with twelve covers, the place cards (introducing the prevailing tints of yellow and green.

Four courses of the seasons delicacies were served. Mrs. Roy Creamer contributed brilliant piano numbers and there were also Victrola renditions during the pleasurable hours following the luncheon.

With the honor guest there were a number of her close friends including her mother, Mrs. W. W. Rouston, sister Miss Maude Rouston, Mrs. J. A. Watkins, of Jamestown, Mrs. A. W. Duff, of this city, Mrs. Glenn Hankins, of Sedalia, Mesdames Emma Jones, W. W. Williams, Fred C. Jones, Roy Creamer, John Robbins Miss Lola Armstrong, of Jeffersonville.

Mrs. Almer Hegler entertained Thursday at her handsome country home Mesdames Alexander H. Ballard and little daughter, Carolyn, George A. Robinson, H. C. Ireland, H. E. Daugherty and Miss Louise Ballard.

The table was lovely with decoration of yellow California poppies and greenery and the dinner most delectable.

The afternoon was merrily spent napping in the big Hegler woods.

"Lou A. Green had another birthday anniversary. This time he was 54 years old. His friends, numbering about fifty, participated in the festivities, which comprised a buffet lunch at the Elks' Club, followed by a soiree in Mr. Green's suites in

the Ross County Block, Tuesday evening.

"Mr. Green was presented with a morris chair and a \$100 Liberty Loan bond as a reminder of the occasion and Wednesday morning when he arose, he found tucked under his door, from some unknown friend, a letter with a batch of doggerel poetry, expressing good wishes and to it was pinned a ten dollar bill.

Mr. Green says he could stand that kind of a birthday anniversary every day." Thursday's Scioto Gazette.

'The Cold Deck'

A Real Star--

A Real Play

This play will offer the "Buffalo Bill of the Screen" in an entirely new characterization, a deviation from all past portrayals. This grim man from the Desert, who recently stirred the whole country to a monstrous ovation as he journeyed from California to New York is absolutely without fear, and yet curiously enough, is one of the most sensitive of men. It is this striking combination of strength and kindness that has made him the most beloved of American Actors.

In this masterful production he appears as "Level Leigh", gambler and all-round gunman, who sacrifices everything to help his little sister regain her health and cheat the grim White Plague which is threatening her life. Never before has he appeared in a photo drama of such magnitude.

PROMINENT MAN FALLS FROM TREE IS SERIOUSLY HURT

Robert Jefferson, President of Fayette County Fair Board, is Paralyzed in Fall While Picking Apples and Is Found Five Hours After Accident—Condition Grave.

As result of falling from an apple tree at his farm west of Madison Mills, Mr. R. G. Jefferson, prominent and highly-respected farmer and president of the Fayette County Fair Board, is now in a Columbus hospital in a grave condition, suffering of paralysis.

Mr. Jefferson, who resides in Bloomingburg, drove his automobile out to his farm west of Madison Mills, Thursday morning, and was up a 20 foot latter engaged in picking apples when the ladder slipped and huried him to the ground.

In the fall Mr. Jefferson alighted on his shoulder and suffered injuries which resulted in almost complete paralysis.

Mr. Jefferson was alone at the time, and after the fall he was face-downward upon the ground, unable to help himself in any way whatsoever except to turn his head slightly which prevented him from smothering to death, although his breathing was greatly hampered.

The accident occurred before eleven o'clock Thursday morning and it was not until after four o'clock in the afternoon when he was discovered by tenants on the farm and assistance summoned.

Al though he was unable to move or call for assistance, Mr. Jefferson was conscious throughout the long hours in which he lay with his face pressed against the earth.

Kleever ambulance was called into service and removed him to his home in Bloomingburg, and every thing possible done to relieve him, but the work of the physicians was of no avail, and Mr. Jefferson, on Friday morning, was taken by the Kleever ambulance to Columbus and is now in a hospital at that point, and his condition is very serious.

Mr. George Congdon, reporter on the Mt. Vernon Banner was the guest Thursday of Mr. and Mrs. Bennett E. Kelley.

WIDOWS ENTITLED TO PENSION INCREASE

Henry C. Gray, Commissioner of the Ohio Department of Soldiers' Claims, Columbus, has announced that under the Act of October 6, 1917, widows of soldiers of the Civil War, the Spanish-American War, and the Philippine Insurrection, now or hereafter to be placed on the rolls, are entitled to the increased rate of \$25.00. The amount will be included in the regular pension payment and does not require application or other procedure on the part of the pensioner.

TO BEGIN WORK ON WEST EAST STREET

Mayor Oster announced Friday afternoon that work on the paving job immediately north of the Pennsylvania station, on East street, would begin within a few days, and that Bolin & Wilt, who have completed their work in Waverly, will do the work.

It is expected the half-square of paving will be completed sometime in November.

ETERNAL CALL COMES TO PROMINENT WOMAN

The eternal call came to Mrs. Mary L. Barrett, aged 67 years, at the home of her son, Mr. Ralph Barrett, in New Martinsburg, Thursday evening at ten o'clock.

Several months ago Mrs. Barrett underwent a serious operation, which failed to stay disease and her death terminated months of suffering, borne with Christian patience.

Mrs. Barrett's death bring deep sorrow not alone to her immediate family connection and many friends. She was the daughter of the late Amos Todhunter and has been one of the leading women of the New Martinsburg community and the Friend's Church, in both of which she will be greatly missed.

Three children survive a devoted mother, Mrs. Clarence Todhunter, Ralph and Lester Barrett, Dr. E. F. Todhunter of this city, is a nephew.

BIG BILL HART NEVER MORE DARING THAN IN "COLD DECK"—RIDES OVER PRECIPICE TO ESCAPE HIS PURSUERS

Never has Bill Hart, the true representative of America's courageous pioneers, performed more hazardous stunts than in his latest screen production, "The Cold Deck," which will be shown at the Palace Theatre, Wednesday-Thursday, October 24-25. The grim man of the desert, who recently stirred the whole country to a monstrous ovation as he journeyed from California to New York, is absolutely without fear, and yet, curiously enough, is one of the most sensitive of men. It is this striking combination of strength and kindness that has made Big Bill Hart the most beloved of American actors.

In "The Cold Deck," his new play, he appears as Level Leigh, gambler, who sacrifices everything in order to take his little sister up to the mountains where she may regain her

PAUL CRAIG IS CHOSEN CAPTAIN

Friends of Paul S. Craig will be pleased to learn that the military department of Ohio Wesleyan University has designated him as Captain of Company A, of the university battalion. The college men are being trained in things military by Major H. P. Ward, of the Ohio National Guard. Craig is a junior and is also leader of the college Glee Club.

On next Saturday Captain Craig will take his command of Sammies on a five-mile practice march to "somewhere in Delaware county" and instruct them in trench digging, camp cooking, barbed wire entanglements, etc. The captains will wear the full service uniform and the men khaki shirts and black ties. Over a hundred men are taking the training course.

RETIRED, BUT HE FEELS LIKE WORKING AGAIN

Former Stationary Engineer Says He Gets Up Mornings Feeling Fine Since Giving Tanlac Trial.

"I get up in morning feeling fit and ready for a day's work since I've been taking Tanlac," said H. Little, 108 Berry street, Dayton, Ky., retired stationary engineer.

"A few weeks ago my health was broken down in every way," Mr. Little continued. "My stomach was all out of order and my nerves were in bad shape."

"I often got dizzy, too, and sometimes I felt like I would topple over. Headaches bothered me also and I always felt tired out and listless."

"I read about Tanlac and tried it. It certainly helped me. I eat fine now and my stomach takes care of my food like it should. I sleep like a rock every night now, too. The dizzy spells I used to have are all gone."

"I have recommended Tanlac to a number of my friends and in every case it has brought results."

Get Tanlac if you are not feeling right and get it today. It has helped thousands of run down men and women and it will do for you what it has done for others. You can get Tanlac at Blackmer & Tanquary's, Frank Christopher's or C. S. Haver's drug store or any other good drug store.—Adv't.

FINDS BEAUTIFUL FLOWERS IN RUINS

(Associated Press Correspondence)
London, October 5.—A letter written by a young officer in the fighting line in Flanders, sent to the Times varies the story of devastation daily transmitted from the front. The writer said:

"The other day we took over from a well known Scottish regiment whose reputation for making themselves comfortable was well known throughout the division, and when I went to examine my future abode I found everything up to the standard which I had anticipated."

"Standing on an oak table in the middle of the dug-out was a shell case filled with flowers, and these not ordinary blossoms, but Madonna lilies, muguet and roses. After having

duly appreciated this most unexpected corner, I inquired where the flowers had been gathered and was told they had come from the utterly ruined village of Fampoux close by. I set out to explore. Sure enough, between piles of bricks, shell holes, dirt and every sort of debris, suddenly a rose in full bloom would smile at me and a lily would wait its delicious scent and seem to say how it had defied the destroyer and all its frightfulness.

"Among innumerable shell holes there was a small patch of ground absolutely carpeted with buttercups, over which blazed bright red poppies intermixed with the bluest of cornflowers. Here was a really glorious corner and how quickly came memories of home."

HOOVER ASKING FOR CO-OPERATION

(By American Press)

Washington, Oct. 19.—The corner in high prices has now been turned, subject to the co-operation of farmers and retailers, announced Food Administrator Hoover.

He said retail prices had not come down to conform to wholesale reductions, and that was a matter for public sentiment to correct. The administrator's statement in part follows:

"The food administrator considers that, subject to co-operation from the farmers and the retailers, the corner has now been turned in high prices, and that most of the essential commodities should one after another continue to show reductions between now and the end of the year. The food administrator has no control over either the grower or his organizations, nor of the great majority of retailers. The foundations have been laid for regulation of the intermediate trades, and where these regulations have come into force and the trades are co-operating finely, considerable results are evident in the wholesale prices.

"The current prices at which flour is being sold at the mill door in June bags vary somewhat with the locality and freight charges on wheat. Toledo showing the lowest prices at \$10 for first patent and \$9.70 for second patent, the highest being at Buffalo at \$10.70 for first patent and \$10.70 for second patent.

"The average price on first patents in 796 cities on Oct. 13 was \$13.77, or from \$1.50 to \$2 per barrel higher than is warranted by the price being made by the millers. In other words, the retail price has not wholly responded to the reductions made by the millers.

"The bean harvest this year is estimated by the department of agriculture at approximately 7,000,000 bushels in excess of last year, or nearly double last year, and promises an abundant supply.

"The corn harvest this year is 600,000,000 to 700,000,000 bushels over last year, and will be generally available about the end of November. The price of corn rose to \$2.30 per bushel in July and now stands at \$1.90 per bushel in Chicago. New corn is quoted in Chicago at \$1.13 per bushel for December and indicates nearly a 40 per cent drop in the price of corn meal when the new corn is generally available.

"The very large corn supplies from the new harvest, together with the larger supplies of barley, velvet beans, cottonseed, peanut and soy bean meal, all promise much cheaper cattle, hog and poultry feed, and will enable the production of beef, pork, poultry and dairy products at much lower levels of cost to the farmer than today, and his earnings can be maintained with lower prices of products.

"Beef already shows some tendency toward reduction in wholesale prices, but these have not been so far reflected in the prices quoted by the retailer.

"We have a potato harvest of 59 per cent in excess of the crop of last year. The price at the leading points varies from \$1.50 to \$2.80 per 100 pounds, depending on the section where grown and the cost of getting them to market. The price, which is somewhat higher than at this period last year, is due to a tendency on the part of the producer to hold the potatoes for higher prices than last year, despite the greatly increased crop.

"Beet sugar prices are being controlled by the manufacturers upon a basis that should reach the retailer from 8 to 8½ cents per pound, depending upon the locality."

BOB FITZSIMMONS IS SERIOUSLY ILL

(By American Press)

Chicago, Oct. 19.—Robert Fitzsimmons, former world's champion heavyweight boxer and regarded as the greatest fighter who ever lived, is reported to be dying in Michael Reese hospital of pneumonia.

Fitzsimmons, who is here to fill a vaudeville engagement, was taken suddenly ill while punching the bag, and his wife, Mrs. Tina Fitzsimmons, had him removed to the hospital at once.

Fitzsimmons' children, Robert Jr., Martin and Rosalie, who are in Glen Ellyn, N. J., have been notified to come to Chicago at once.

Evansville, Ind., Oct. 19.—Two thousand furniture workers, affiliated with the International Industrial Workers' union, struck here for higher wages and a 50-hour week. Twenty-eight furniture factories are closed down.

PUBLIC SALE

I will offer my entire Dairy Herd at public auction at the farm situated 11-2 miles east of New Holland, on the Circleville pike, on

MONDAY, OCTOBER 22, 1917

Beginning at 10:30 sharp

120 HEAD OF CATTLE

Three registered Holstein heifers. 25 high-grade Holstein cows. Some of these cows are fresh and the rest will be fresh this fall. These cows have been milked in our dairy the past two years, their milk has been weighed and no cow in the entire lot gives less than 40 pounds of milk per day from that on up to 70 pounds per day. If you are looking for the good ones, here they are. Four extra good Jersey cows, fourteen long yearling Holstein heifers, all bred to high class Holstein bull. These heifers are nicely marked from high producing dams, and should make high class milkers. Twenty-one Holstein heifer calves nicely marked, all well bred; two long yearling Jersey heifers, two Jersey heifer calves, sixteen extra good Shorthorn heifers, all bred to Shorthorn bull. Twenty-five white faced heifers open weight 725, extra good. Four bulls—3 registered Holstein, 1 Shorthorn.

70 HEAD OF HOGS—70

Twenty head of Hampshire gilts; 50 head of feeding hogs. All immune.

3 HEAD OF HORSES—3

One bay driving mare, 10 years old; one roan gelding, 10 years old; weight 1300; one bay general purpose mare, 10 years old.

Terms made known on the day of sale.

GOVERNOR PHILLIP ISSUES STATEMENT OBJECTS TO SLANDERS

(By American Press)

Madison, Wis., Oct. 18.—Governor Emmanuel L. Phillip issued a statement in answer to the report that pro-German influences were affecting the sale of liberty bonds in this state. The statement says in part:

"I resent the continued slanders which have been heaped on this state, many of them by well-intentioned persons who do not know the facts.

"In spite of any misrepresentation in Washington, which we must bear as a part of our burden during this war, we want it known that the nation need not fear the influence of pro-Germans in Wisconsin. We have a large German population, which, as a class, will rank with any other nationality for patriotism, not only in this state, but in other state. In Oshkosh, with a large German population, the bulk of which is classed as German working men, the second liberty loan already has been over-subscribed. In Superior, the second city in the state, which has a population greatly augmented by persons of foreign birth, both Germans and Scandinavians, the quota has been over-subscribed. In Milwaukee, known as a German city, more than \$21,000,000 was subscribed in the early days of the liberty loan campaign. I will be authority for the statement that Wisconsin will over-subscribe its quota of the second liberty loan."

"The average price on first patents in 796 cities on Oct. 13 was \$13.77, or from \$1.50 to \$2 per barrel higher than is warranted by the price being made by the millers. In other words, the retail price has not wholly responded to the reductions made by the millers.

"The bean harvest this year is estimated by the department of agriculture at approximately 7,000,000 bushels in excess of last year, or nearly double last year, and promises an abundant supply.

"The corn harvest this year is 600,000,000 to 700,000,000 bushels over last year, and will be generally available about the end of November. The price of corn rose to \$2.30 per bushel in July and now stands at \$1.90 per bushel in Chicago. New corn is quoted in Chicago at \$1.13 per bushel for December and indicates nearly a 40 per cent drop in the price of corn meal when the new corn is generally available.
